— PHILIPPINES —

BY VIRAY TOURS AND TRAVEL

Luxurious Beauty Escapes

The First Step

Medical tourism is a growing trend in the Philippines which is the main reason why the country is the go-to option for those who want to have quality cosmetic or dental procedures done and a holiday altogether. Following their procedure of choice, many of those who tried it have gone on to experience a transformation in how they feel about themselves and their bodies, resulting in feeling good inside and out.

There are many reasons why men and women choose cosmetic and dental procedures. Some of them include:

- To boost self-esteem and self-image
- To turn back the hands of time
- To make a partner happy
- Vanity
- To be like the celebs

To a New You

Cosmetic and dental procedures are wonderful ways to make adjustments that can increase your happiness and target the areas that you choose to improve. If you are considering these procedures, whether a simple teeth whitening treatment or cosmetic surgeries like rhinoplasty, liposuction, breast augmentation or something else, then move forward with confidence in knowing that Cosmetic Holidays Philippines will be your reliable partner! All patients will go through a screening process with our cosmetic and dental surgeons to ensure that you are physically and mentally ready to undergo your procedures/surgeries of choice. Following that, Cosmetic Holidays Philippines will guide you along each step of the journey to your new look!

Why Choose To Work With Us?

At Cosmetic Holidays Philippines, we pride ourselves in offering only the best to our clients. We live by these two words when it comes to our service: LUXURY and QUALITY. Still not convinced? Here's everything you need to know to seal the deal:

Luxury and Quality

Cosmetic Holidays Philippines only deals with the best of the best, both for your procedure and all your accommodations. From a 5-star hotel on a world-renowned beach, top-notch city residence in Manila, to the very sophisticated medical centre for your procedures, you'll be sure to feel and see that working with us is worth every penny! And it doesn't end there. During your stay, you will have your own on-call personal assistant who is fluent in English. She will be available to help you 24/7 and she'll make sure you feel at your utmost comfort while in the Philippines.

Quality without compromise is what we offer.

The location

We believe that location is everything. The last thing you want if you are recovering is to worry about where to eat, what to do or where to do your well-deserved shopping. That's why you will stay in the best residence Manila has to offer. The hospital is also conveniently located right across your home away from home, all in Manila's liveliest, safest and most upscale district. Did we mention that one of the nicest shopping malls is directly connected to your residential building? You read that right! There are plenty of shopping and dining options in walking distance.

If you need any help, your personal assistant will be there in no time!

Rest, recover and revive **Comfort**

Traveling for cosmetic, dental, health and wellness and anti-aging procedures allows you to focus on yourself, away from the numerous distractions and demands on your time that you deal with every day. By receiving your services away from home, you have the privacy and relaxation you need to help you recover quickly, feel refreshed and renewed before returning home.

That's why we really recommend to include a stay in wonderful Boracay to make sure you come back well rested and as the new YOU!

Flexible package.

Since our priority is to cater to your needs, you have the power to choose from a variety of packages that are suitable for you. You can opt for a package that doesn't include a trip to Boracay or a package with multiple cosmetic or dental procedures to be done. Do you maybe want to buy your own flight tickets? Don't fret, we have packages that are available under such conditions. Would you like to bring a friend, partner or the whole family? Let us know, it will be taken care off. Would you like to combine a cosmetic surgery and a dental procedure? We got you.

We will be here to help you customize your trip!

From the moment you decide to travel to the Philippines with Cosmetic Holidays Philippines, all the work and hassle are on us. It starts with booking your flights. Next, we will be there as soon as you arrive and pick you up from the airport personally. We will be also providing you with a phone which you can use to contact us during the whole duration of your stay. Also, the mobile phone has readily installed apps for everything you need! May it be a car service, a food delivery, a handy map: we got you covered! Nothing is too much for us because we understand very well that this journey is probably one of the most exciting things you have ever done. Apart from that, you will be guided to and from the clinic on the day of your procedure. The same goes on the days that you will have your follow-up check-ups with the doctor. And after your last check-up, we will make sure you will be brought to the airport, and needless to say, help you carry your luggage until the check-in counter.

We deliver excellence and nothing less!

The diverse team

Cosmetic Holidays Philippines combines the perfect combination of local knowledge with western standard of quality and service. We have a very diverse team hailing from The Netherlands, Australia and the Philippines. Because of this unique combination, Cosmetic Holidays Philippines is able to deliver a perfect match of local knowledge and benefits combined with the expertise that is recognized internationally. For most people, the idea of traveling to a new country can be a bit scary. That's why we will make sure that you're going to be welcomed in the Philippines by someone who fully understands the country's rich culture. Our main office is in Manila so our culturally-diverse team is always ready to assist you.

Don't worry, we have got it covered!

The Philippines

Probably the best place in the world to undergo cosmetic surgery, the Philippines is known worldwide in producing great medical practitioners. Our doctors are trained in world-class standards and the level of English, especially that of the doctors, is incomparable compared to anywhere in the world. As you may already know, cosmetic and dental procedures are way more economic here than in western countries. And best of all, the locals, are one of the most welcoming people you'll ever meet.

Hospitality is unmatched in the Philippines. Come and see for yourself!

The holiday

Do we need to say more? The world class destination of Boracay is probably one of the most beautiful beaches in the world. Why not relax in your 5-star resort after you have recovered from your procedure?

We make sure your flights are booked and needless to say all the transfers from door to door are pre-arranged!

What's Included?

So you've decided to go abroad with Cosmetic Holidays Philippines? You made a good choice! Our cosmetic packages are loaded with everything you need and more.

Here is what you need to know about what is included in our packages:

- 1** An itinerary booklet that will cover the rest of your stay
- 2** Personal phone with handy apps and your contacts within Manila
- 3** Round-trip flights including the holiday destination
- 4** Airport pick-up and drop-off
- 5** A fluent English speaking personal assistant throughout the whole process
- 6** Luxurious accommodations both in Manila and Boracay
- 7** A fruit basket and fully stocked fridge upon arrival in your Manila residence
- 8** The procedure to be done in the best medical centre and by the best cosmetic surgeons that Manila has to offer
- 9** The initial assessment from our cardiologist and your cosmetic procedure(s), no hidden charges!
- 10** Aftercare medicines
- 11** A responsive Australian contact for our clients from down under, a Dutch national for our European clients and a Filipino contact person who are ready to assist you
- 12** A western go-to person in Manila who is well-versed with the local culture that can help familiarize you with the local scene
- 13** No waiting list
- 14** Vouchers for some extra beauty treatments of your choice: manicures and pedicures, hairstyling, massage, etc.
- 15** Basically, a NEW YOU!

The Holiday Process

Airport to Apartment

When you arrive at the airport, we will be there to pick you up and bring you to your apartment. Upon arrival, you will be provided with a personal phone to contact your assistant if there is anything you need. The phone is equipped with all kinds of apps to make your stay even more comfortable i.e. car services, food delivery, etc.

You will be given a personal schedule and we will review all aspect of your itinerary!

The fridge will be full on arrival so you feel at home straight away! The manager of our apartment is Rico, who we consider as a dear friend. Any questions about the apartment, Rico will always be around and is always willing to help!

Doctor's appointment

For cosmetic surgeries, you will meet your doctor and do an assessment with our cardiologist either on the first or the second day, depending on your arrival time. For dental treatments, in most cases, there will be no initial assessment. If there is, it will be done on your first or second day of your stay.

Surgery / Procedure day

It's finally time for your procedure(s) to be done. Your personal assistant will pick you up and bring you to the hospital, which is just a few meters away, and escort you back to your apartment after the procedure.

Recovery

After this, the recovery starts. You are free to directly contact your doctor whenever you have concerns.

For cosmetic surgeries, there are three personal check-ups with the doctor: The day after the operation, half way in to the holiday and the day before you fly back home. This may vary on what kind/s of surgeries you've had.

Holiday

The last couple of days of your stay, you have the option to explore more of the country while recovering in the beautiful island of Boracay. We book the tickets and make sure all transports are taken care off. All you have to do is to be ready to relax in your five-star holiday resort.

End of the trip

As mentioned earlier, one last check-up will be done especially with cosmetic surgery clients. Once done, we will be transporting you safely to the airport.

We sincerely hope you had a pleasant stay with us and we hope to welcome you once more in the Philippines, yours truly, the management.

The Hospital

Centuria Manila

Centuria Medical Makati is a 28-story medical arts center that houses more than 500 clinics to serve doctors of various medical expertise, medical tourists and local patients. The property boasts of a spacious lobby and warmly lit, homey surroundings — a refreshing departure from the aseptic ambience of traditional clinics.

The infrastructure will also dedicate floors for medical support facilities including a hospital-grade day surgery center, recovery suites, radiology center, pharmacy and diagnostic laboratory to be run by Hi-Precision Diagnostics.

The concept of a topnotch outpatient IT-medical center began with Century Properties Chairman Jose E.B. Antonio who wanted to highlight and maximize the country's untapped potential as a medical tourism destination.

Manila, Boracay & The Philippines

Manila

is a modern metropolis which has retained its original character with many cathedrals and colonial landmarks. If you like big cities, you'll love MANILA: a high-speed, frenetic place, where you can eat, drink and shop 24 hours a day and where the Filipino heritage of native, Spanish, Chinese and American cultures are at their most mixed up. And while the older parts of the city remain shabby and run-down, sparkling districts like Makati, Ortigas and Bonifacio Global City are smart and skyscraper-smothered, like any other booming Asian metropolis.

Manila prides itself on the quality of its restaurant scene, nightlife and the ability of its residents to whip up a good time. For many tourists, this will be their enduring memory of the place: fabulous food, funky bars and nightclubs in areas such as Malate and Makati. And don't forget, Manila is still a great place to pick up bargains.

Boracay

This idyllic tropical paradise island is one of the most beautiful beaches in the country, if not the world. The best foods, bars, and resorts are lined up on this 7 kilometre stretch of paradise. A gentle coastline combined with incredible sunsets make this piece of paradise the ideal location to relax after your surgery to return home completely revived. Add in a thriving nightlife scene and you have one of the top tourist spots this country has to offer!

There's something for any kind of traveler in this piece of paradise. Do you simply want to relax? Then head to the west coast where you can see the White Beach. This part of the island is backed by palm trees, bars and restaurants. Up for an adventure? On the east coast, strong winds make Bulabog Beach a hub for water sports like kite surfing. Nearby, the observation deck on Mount Luho offers panoramic views over the island. Offshore, coral reefs and shipwrecks are home to diverse marine life.

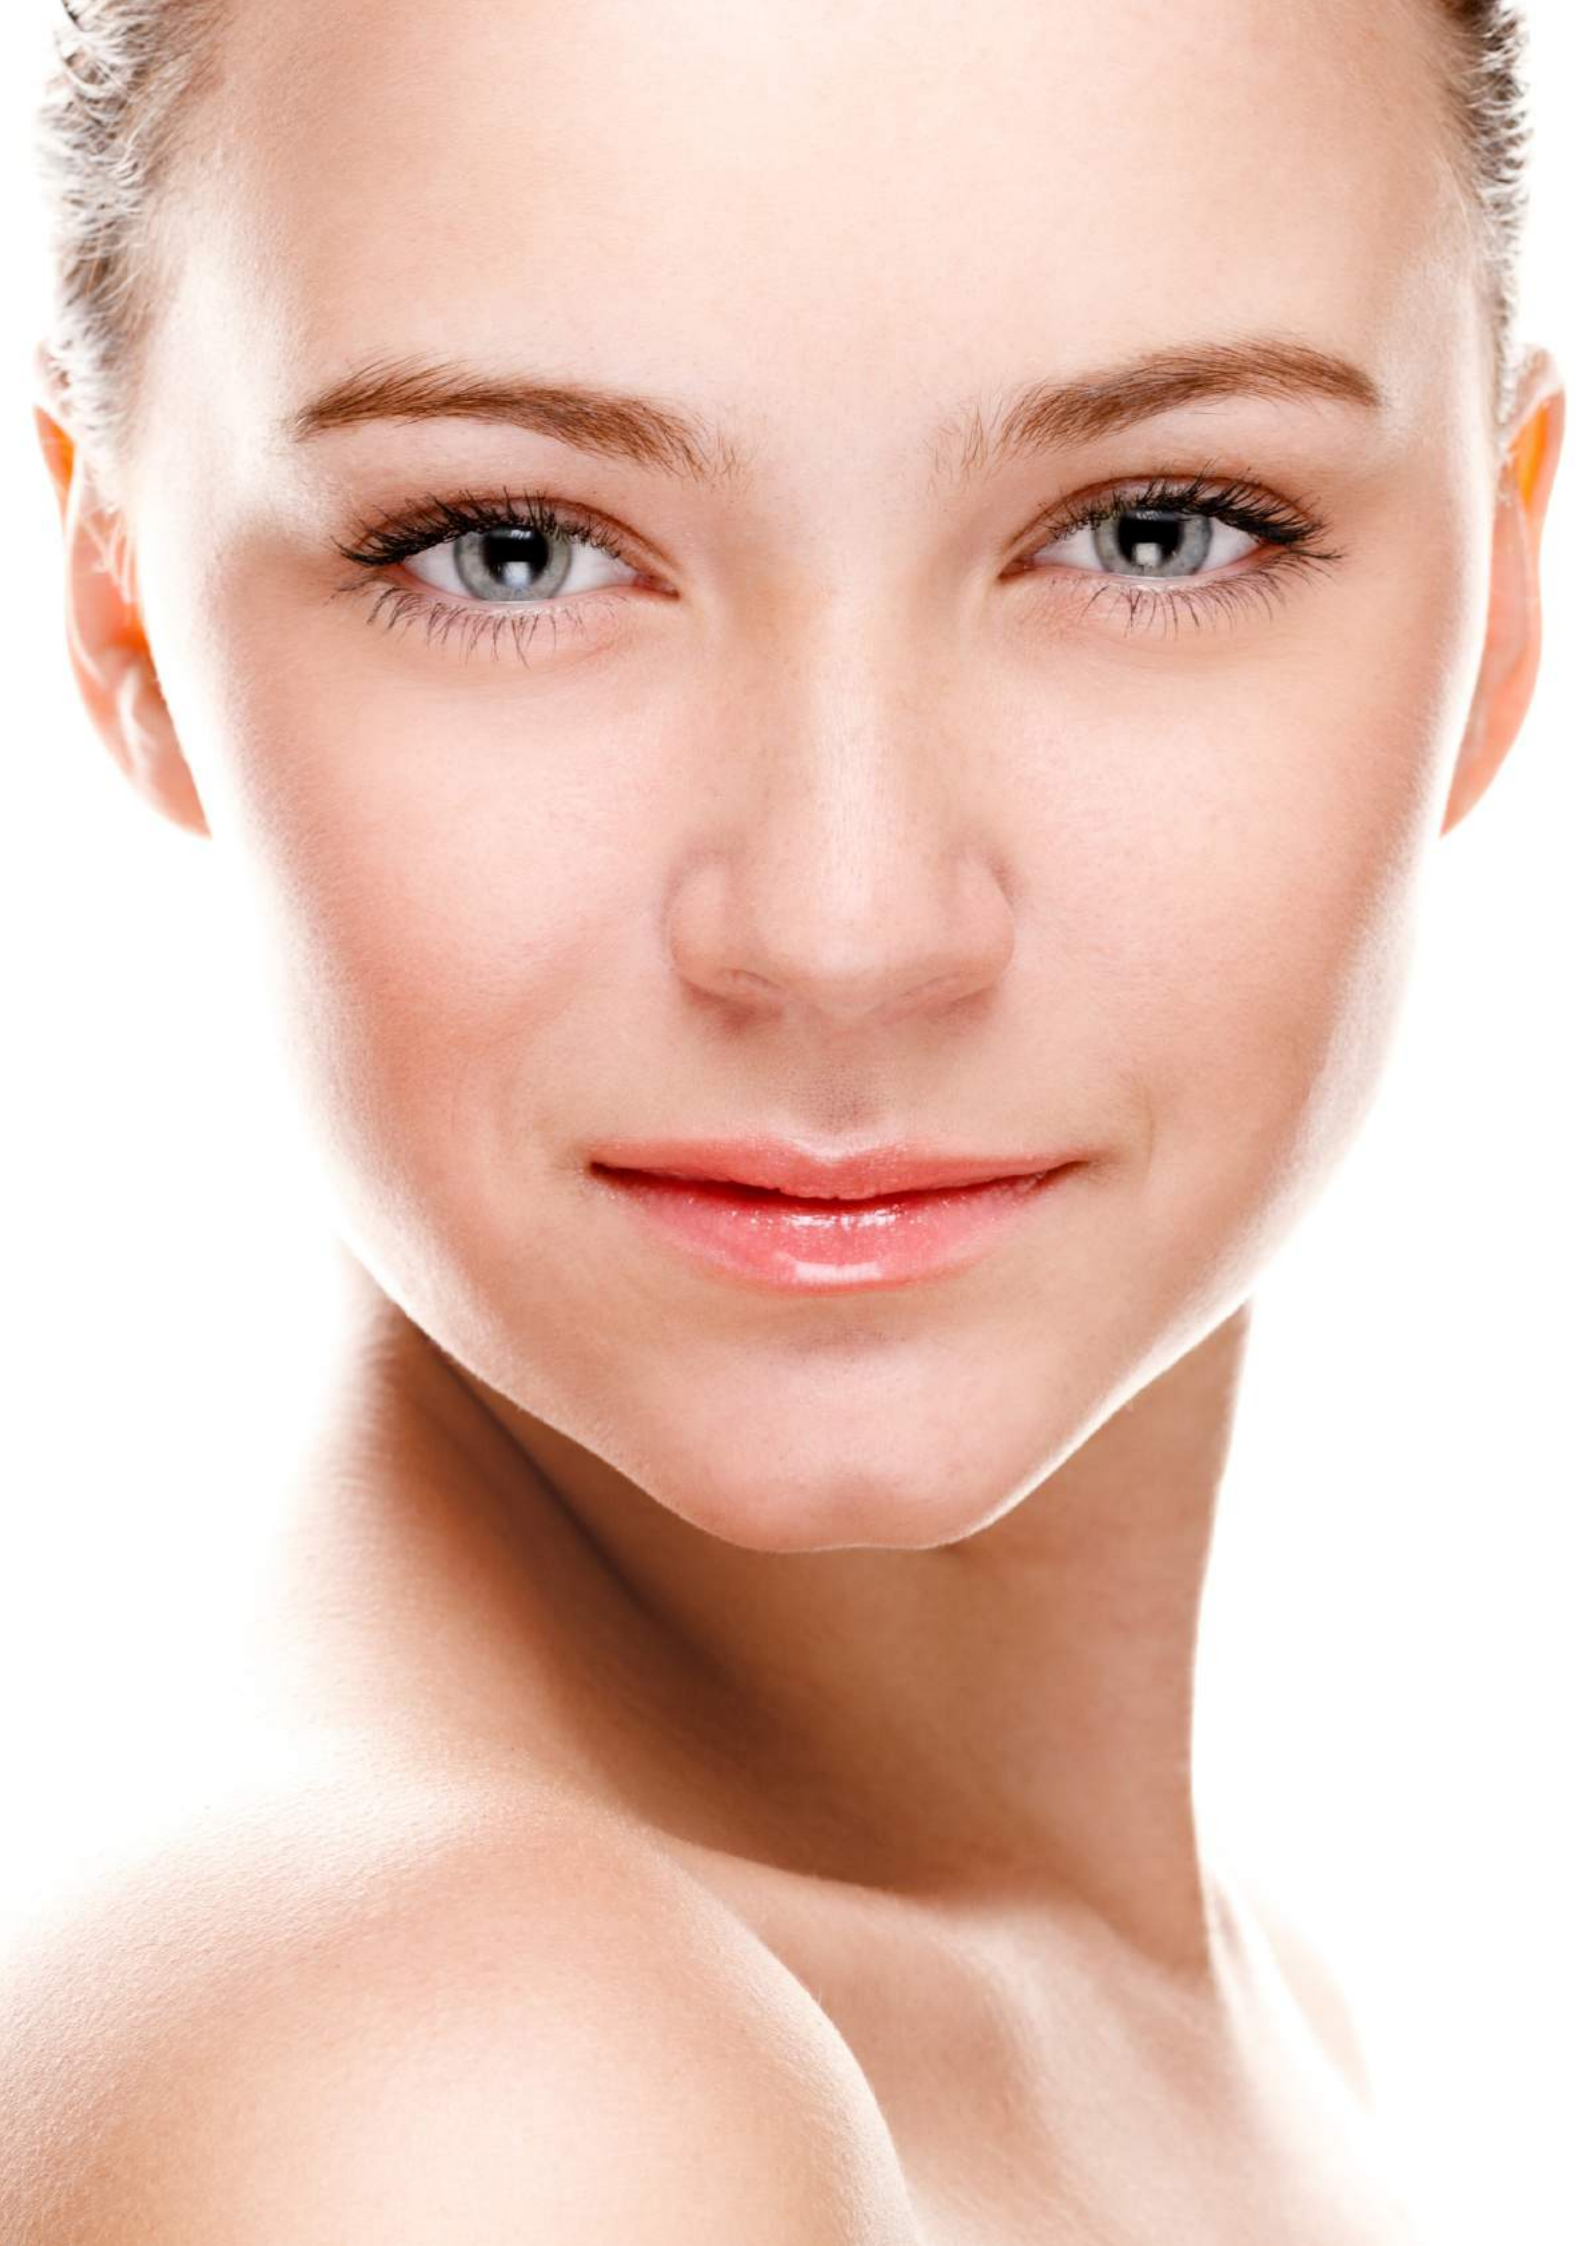

This is the reason why this beautiful island has been named "Best Island in the World" by many entities, including luxury and lifestyle magazine Condé Nast Traveler for two consecutive years. Also, Boracay is among the best islands in the world that never fails to make it to TripAdvisor's yearly "Travelers' Choice" list.

The Philippines

An archipelago of more than 7,000 islands, the Philippines is a country known for its rich heritage, beautiful landscapes and hospitable people.

It is recognized as a nation of abundant natural resources, with one of the most extensive coastlines in the world marked by captivating beaches and waterfront leisure and residential establishments. In terms of lifestyles, it is multicultural. Eastern and western influences reflect in its vast array of historical landmarks. But most of all, Filipinos are known for having a happy and festive nature, noted for their warmth and hospitality. Not to mention, Filipinos are very easy to communicate with since they are naturally friendly and also because the whole country speaks the English language really well. Aside from its natural beauty, the Philippines is also a hotspot of financial and entertainment districts dominated by multinational companies, foreign banks, renowned establishments, and high-end shopping malls. It is emerging as one of the world's best performing economies, with one of the highest GDPs in the region, and being primed to become a medical tourism hub in Asia.

Booking Process

In order to book with Cosmetic Holidays Philippines, there are a few steps to go through.

1 Choose your package.

In this step, you can design your own package or choose a pre-made one. If you are planning to mix and match different procedures, the doctors will assess the viability. After filling in the following form we will come back to you within 3 days.

2 Consultation with the doctor.

For cosmetic surgeries, together with the doctor, you will discuss the procedure thoroughly in a video consultation. This is also your chance to ask any question that you may have. Once your desired treatment is approved and cleared by the doctor, the next steps can be taken.

3 Confirm the trip.

After we agree on your holiday dates, Cosmetic Holidays Philippines will book the flight tickets and arrange everything you will need during the length of your stay.

*In order to book the flight tickets, Cosmetic Holidays Philippines requires a minimal initial deposit of 25% of the total price via wire transfer. If you wish to pay full amount in cash upon arrival, then the 25% down payment is no longer required. All payment methods will be issued an invoice guided by instructions on how to make the transaction.

SAMPLE FAQs

- How many years have you been performing cosmetic operations?
- How many operations do you perform each year?
- What are the possible risks and complications related to my surgery?
- What are the options that I have concerning my surgery?
- Do you have before-and-after photos that I can look at?
- What will my recovery be like?
- What type of anesthesia will I receive?
- Are you board certified in cosmetic surgery?
- How do I prepare for my procedures?

**Congratulations,
your holiday
to paradise
is officially
confirmed!**

The Payment

There are basically three payment options from which you can choose:

Full Payment via wire transfer.

There is the option to pay the full amount before arrival. We fully understand that for some of our clients it is not desirable to transfer the full amount at once.

Full cash payment with discount.

The next option is payment on arrival in cash. This is for our company the most convenient and therefore we offer a 10% discount for clients that wish to pay in cash.

25/75 payment.

This is by far the most popular way to make the payment. The client makes a deposit of 25% of the total sum via wire transfer and on arrival after the consultation, the remaining 75% must be paid either by cash or via wire transfer.

Kindly make sure that your online banking is activated if you wish to pay via wire transfer when you arrive to Manila. Otherwise, your only payment option upon arrival is through cash-by-hand.

We suggest as well that you inform your bank beforehand that you're traveling overseas, so to avoid possible payment issues.

Cancellation Policy

- If for any reason you wish to cancel your booking prior to your departure, we will be refunding all deposits but unfortunately, we have to deduct the flight costs from and to your country from the deposit.
- If in the very unlikely case that the doctor or cardiologist finds you unsuited to undergo the operation while already in the Philippines, we charge 25% of the total sum and you will coordinate with us on how you want to spend the rest of your stay in the Philippines. You can opt to fly to Boracay immediately or stay in Manila
- Since we understand that this is a life-changing experience, we will respect your decision

"The only risk you take is going on a beach holiday"

Extra Tips: Packing & Spending

Packing.

There's absolutely no need to pack too much. Why? It's because the shopping experience is one of the great things about the country. A mix of high-end and local shops are found in all shopping malls. You will probably come back with too much, so you've been warned!

Pack light clothing: t-shirts and long shorts, long skirts, buttoned shirts are best for the climate and for easy removal during the procedure. Natural fibres and casual clothing are best to keep you cool for hot, tropical destinations. After the procedure, loose and comfortable clothing will work best.

Malls, restaurants and night spots are all air-conditioned, so you can dress up when you go out. Cover-up is necessary to keep scars out of the sun. Make sure you have your hats, sunscreen, a scarf for your head and face and big dark sunglasses if you're having a face treatment.

Spending.

How much you are going to spend on your holiday destination depends on yourself. Good quality food is not expensive in the Philippines. A great meal in a nice restaurant will cost around \$5 USD. Apart from that, your apartment will be stocked with food and drinks when you arrive. High quality supermarkets will cost more or less the same as in most western countries. To give a rough estimate, most people will easily get by on \$25 USD per day!

Managing Your Expectations

Let's face it, not everyone is suitable for a cosmetic procedure. Having a realistic expectation is key. Do not have a procedure if you want to look exactly like someone else because that fixation will probably be as fleeting as your decision to change.

If you wish to talk to people about the procedures you desire, talk to someone who had similar work done - not with your disapproving sister, mother or friend. You may obtain pictures of the look you wish to achieve and your surgeon will advise you on the viability of your options. He/she will review your desired look and advise you how best these will fit your features and body type.

Here's a piece of advice: Do your homework, research, talk to people and get your emotions straight. After all, it is you and only you who can justify this important and life-changing decision because it's going to benefit or affect you the most.
